Reply Comments Due: September 22, 2005

On July 27, 2005, Mail Holdings, Inc. (“Holdings”), along with Gridley Telephone Company (“GTC”), Gridley Communications, Inc. (“GCI”), and Gridley Enterprises, Inc. (“GEI”; together with GTC and GCI, “Gridley”) (Holdings and Gridley are the “Applicants”), filed an application pursuant to section 63.04 of the Commission’s rules¹ requesting authority to transfer control of Gridley to Holdings.²

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to sections 63.03(b)(2)(ii) and 63.03(b)(2)(iii) of the Commission’s rules. The proposed transaction would result in: (1) Holdings, together with all of its affiliates, having a market share in the interstate, interexchange market of less than 10%; and (2) Holdings and its affiliates providing competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction.³ With respect to Section 63.03(b)(2)(ii), Dialog Telecommunications, a non-dominant carrier, provides services exclusively outside the geographic area where the dominant carrier, GTC, is dominant.⁴ With respect to Section 63.03(b)(2)(iii), the Applicants and Holdings’ affiliates, Georgetown Telephone Company, Oregon Farmers Mutual Telephone Company, Pymatuning Telephone Company, and S&A Telephone Company

Signal Equity Partners II, LP also holds non-voting, preferred stock in ABB Holdco, Inc.

⁷ Patrick L. Eudy also owns 60% of Dialog Telecommunications, a competitive LEC operating in Kentucky, Mississippi, and North Carolina.

American Broadband Capital, Inc., a Delaware corporation, will acquire a non-controlling 22.5% minority interest in GEI. The following entities, each U.S. entities, will acquire a ten percent or greater interest in American Broadband Capital, Inc.: American Broadband Communications, LLC (49%); and Signal Equity Partners II, LP (51%). Applicants have entered into agreements pursuant to which Holdings shall acquire the majority of the issued and outstanding shares of GEI, and an affiliate of Holdings shall acquire all of the remaining shares of GEI. Under the terms of one of the agreements, Holdings will purchase 70 shares of GEI capital stock from Eric G. Kaufman (the "Majority Agreement"). Under a separate agreement, Holdings will acquire 54 shares of GEI capital stock collectively owned by all of the minority shareholders of GEI (the "Minority Agreement"). On closing, Holdings will own 124 shares of the outstanding capital stock, or a 77.5% controlling interest. The Majority Agreement provides further than a non-controlling 22.5% ownership interest in GEI will be owned by American Broadband Capital, Inc., which will purchase 36 shares of GEI from Eric G. Kaufman. The closing of the Minority Agreement is anticipated by the Applicants to occur simultaneously with the closing of the Majority Agreement. Upon successful consummation of the proposed transaction, GTC and GCI will continue to provide local and long distance telephone service to their current subscribers, as wholly-owned subsidiaries of GEI.

Applicants state that the proposed transaction will serve the public interest. Applicants assert that GTC and GCI will continue to provide local exchange, exchange access and long distance service to its current subscribers in a manner that will be transparent to them. The Applicants further assert that grant of the application will ensure that GTC and GCI will become financially stronger companies as a result of their affiliation with Holdings, a larger organization with greater access to financial and technical resources. Additionally, Holdings intends to engage in a multi-year effort to upgrade the switching and outside plant network of GTC.
